

Industrial PC's
+ Control components
+ Controller
+ Servo motors

Suppliers of PVC and aluminium machinery.
Specialists in electronics spares for
Urban, elumatec, Rapid machines.

We run our own department specialising in
high-class electronics.
We offer a wide spectrum of services and can
assure a high level know-how with:

- Troubleshooting and diagnostics
- New parts, refurbished parts, parts in exchange and repairs
- Our own repair and test shop

Our main concern is keeping your down time short.

We also have the ability to install machine specific
firmware/software/parameters for a wide spectrum of machines
